Description :

PDF-55947 | User experience design is the discipline of creating a useful and usable Web site or application that's easily navigated and meets the needs of the site owner and its users. There's a lot more to successful UX design than knowing the latest Web technologies or design trends: It takes diplomacy, management skills, and business savvy. That's where the updated edition of this important book comes... *A Project Guide to UX Design: For user experience designers in the field or in the making (2nd Edition) (Voices That Matter)*
