ISBN : #9264135960 | Date : 1992-01-01

Description :

PDF-8a7dd | Corporate taxes are now one of the few obstacles to a better international allocation of capital. This arises from the steady removal of barriers to capital flows and the increasing integration of capital markets. This provides, in a common format, the main corporate tax provisions of all 24 OECD Member countries for 1991. It also calculates effective corporate tax rates on domestic as well as on ... *Taxing Profits in a Global Economy: Domestic and International Issues*
